WHY WAIT FOR YOUR AUTOMATION? WITH THE AVF-SERIES, YOUR AUTOMATION IS 10 PRESCRIPTIONS AHEAD OF YOU.

- Interfaces with pharmacy system and automatically counts with no user interaction
- Pre-counts and pre-stages prescriptions to increase efficiency and improve fill times
- Supports 64 medications and is expandable up to 82 medications
- Group up to 12 canisters of the same medication for your high volume or large medications
- Zero cross-contamination option
- On-site canister calibration to reduce turn-around time by calibrating your own canisters
- Perpetual inventory management

OPTIONS:

64 TALL CANISTERS
660 CC

6 SUPER CELL CANISTERS
2200 CC

AVF-1
for recalibrations and
quality control testing

AVF-6
